- *Landline Features included with Blanca Networks Phone Service*
 - **Touch Tone**
 - Touch tone allows a subscriber to enter additional numbers when required during a phone call to reach extensions, choose from numeric menus, activate a pager, use a credit card, leave a voice mail, or conduct any other type of communication that requires touch-tone signals.

- **Call Waiting**
 - Call waiting informs a subscriber engaged in a normal talking conversation that a third party is calling
- **Call Forwarding**
 - Call forwarding allows a single-party subscriber to have all incoming calls forwarded to another, preselected line
- **Conference Calling**
 - Conference calling allows a subscriber to add two or more persons to the telephone conversation
- **Speed Dialing**
 - Speed dialing allows a subscriber to easily dial select numbers
- **Caller ID Blocking**
 - Caller ID Blocking blocks a subscriber's number from being dispatched through Caller ID.
- **Caller ID Release**
 - Caller ID Release allows subscribers to share their number on other people's Caller IDs.
- *Our most popular Advanced Landline Phone features that can be added to any phone account*
 - The following feature is \$4.99 per month with a one time activation fee of \$10.00
 - **Caller ID**
 - Caller Name & Number Delivery allows subscribers to monitor incoming calls. This will deliver the name and number of the party calling you. This feature also enables call-waiting I.D. so you are able to screen incoming calls while you are talking on another call.
 - The following feature is \$2.00 for the Bronze Package and \$4.00 for the Gold Package per month
 - **Call Answering**
 - This is an easy-to-use voice answering system. Your callers can leave messages for you when you are busy or away from your phone. You can listen to your messages from any touch-tone phone.
 - Each of the following features can be added to any plan for \$1.00 per month with a one time \$5.00 installation charge
 - **Automatic Call Back**
 - Automatic Call Back enables subscribers to place a call to the last number dialed
 - **Automatic Recall**
 - Automatic Recall enables subscribers to place a call to the last incoming call
 - **Automatic Line**
 - Automatic Line allows calls that originate from a certain line to exclusively call one number. This happens automatically
 - **Call Forward Busy**
 - Call Forward Busy allows subscribers to forward calls when a busy condition is encountered
 - **Call Forward Don't Answer**
 - Call Forward Don't Answer allows subscribers to forward calls after a specified number of rings

- **Cancel Call Waiting**
 - Cancel Call Waiting allows subscribers to dial a prefix thus canceling call wait for one call
- **Don't Answer Transfer**
 - Don't Answer Transfer allows a terminating call to be transferred automatically to telephone number _____ after 3 ring.
- **Deny Originating**
 - Deny Originating prevents a number from originating a telephone call
- **Deny Terminating**
 - Deny Terminating can't terminate a telephone call.
- **Find Me**
 - Find me allows subscribers to make a list of possible contact numbers that he/she can be reached at.
- **Originating Call Management / Toll Restriction**
 - Originating Call Management/Toll Restriction allows subscribers to have a PIN number to make long distance calls, preventing long distance calling expenses
- **Ring Again**
 - Ring again allows subscriber to place a call back request to a busy number

- **Selective Call Acceptance**
 - Selective Call Acceptance enables subscribers to have incoming calls screened for acceptance
- **Special Billing**
 - Selective Billing allows all long distance calls to automatically be billed to telephone number 719-379-_____
- **Suppression**
 - Suppression prevents a subscriber's number from being displayed on all calls
- **Terminating Call Manager**
 - Terminating Call Manager allows subscribers to manage a list of incoming numbers he/she wishes to block
- **User Transfer**
 - User Transfer allows subscribers to transfer an established call to another number
- **Warm Line**
 - Warm Line provides a telephone number with 30 seconds of dial tone before automatically calling telephone number _____
- **Wake Up**
 - Wake Up allows a subscriber to schedule up to 5 wake up calls per day
